## Yearbook of the United Nations 1988 (excerpts)

That included the killing and physical mistreatment of students, detention of some 1,000 students as well as teachers, and the firing of students. Lebanon opposed the Council's meeting without its consent and on what it considered interference in its internal affairs; the Palestinian camps were on its territory and it could not agree to give up its sovereignty over a single inch.

## THE ROLE OF LOCAL GOVERNMENT IN RURAL DEVELOPMENT: A STUDY OF WARRI NORTH LOCAL GOVERNMENT AREA OF DELTA STATE.

The MOHs who supported school medical inspection and the arguments of the Report of the Inter-departmental Committee on Physical Deterioration, XXXII, 1904 hereafter Report, 1904 , were far more interested in public health provision within the framework of an integrated public health service, than in any kind of eugenics programme. Various recommendations were made based on the findings among such are, increase in revenue allocation by both Federal and State governments, serious commitment be made by such staff toward internally generated revenue and the use of direct labour council engineers in carrying out projects in place of contractors. Knowing the roles the government needs to play in development of any society and the obvious inability of the national and state governments in the task of rural areas, Local government has been created essentially to compliment the efforts of the states and national government in the task of rural development.

## Principles of Health Education

Further deplores any political, economic, financial military and technological support to Israel that encourages it to commit acts of aggression and to consolidate and perpetuate its occupation and annexation of the Palestinian territory occupied since 1967, including Jerusalem, and the other occupied Arab territories; 11.

## Yearbook of the United Nations 1985 (excerpts)

There was a trend emerging at the United Nations, Israel said, allowing such rhetoric to be practised with ever-growing impunity, traceable to the

1975 Assembly resolution 7 equating zionism with racism.

At the level of governance what do you suggest? Scientific hygiene eroded moralistic concerns with the depravity of the working classes. Certain vestries were highly obstructive, and the capacity of medical officers greatly varied. Several provincial branches were soon established, and in 1898 these were federated into the British Child Study Association, with the noted psychiatrist, Sir Thomas Clouston as its president.
