## Trucking and DOL's independent contractor rule

Additional Unlisted Factors The National Restaurant Association stated that facts and factors not listed in § 795. The agency also works with industries and all levels of government in a wide variety of voluntary pollution-prevention programs and energy-conservation efforts. A nonprofit charitable organization that is engaged in evaluating, training, and employment services for clients with disabilities and that complies with federal regulations covering those activities is considered to have complied with this chapter.

## Golden, Risch Lead Bipartisan Effort to Level the Playing Field for Family Businesses in Forest Products Industry

Furthermore, the Department's analysis relies on data collected prior to 2020, which reflects the state of the economy prior to the COVID-19 pandemic. As such, any worker selecting between jobs is likely to consider the flexibility of work schedules, the compensation package, fringe benefits, and a host of non-pecuniary compensation factors when deciding both whether to work at a particular company and how many hours to spend working at that company. A review of farm accident data sources and research.

## Golden, Risch Lead Bipartisan Effort to Level the Playing Field for Family Businesses in Forest Products Industry

For instance, it is not uncommon for comparatively high skilled individuals—such as software engineers—to work as employees, and for comparatively low skill individuals—such as drivers—to be in business for themselves.

## The Department of Labor's 2020 Vision: The New Joint Employer Standard under the Fair Labor Standards Act

Contact the nearest Wage and Hour Division office for more information.

## Powered Industrial Trucks

The Department further acknowledges that the rule lists economic reality factors in § 795. Disadvantages are that independent contractor status needs to be inferred; there is likely an underreporting bias i. In the case of employees described in clause A ii hired prior to April 15, 1986, the

regular practice in effect on April 15, 1986, with respect to compensatory time off for such employees in lieu of the receipt of overtime compensation, shall constitute an agreement or understanding under such clause A ii.

#### **elaws**

And as stated above, the Department agrees that who controls the manner and means by which the work is performed is a key component of the control analysis. The Department believes that general and non-exhaustive examples are more helpful than trying to precisely identify as many examples of relevant investments as possible.

#### **29 CFR § 780.215**

The Department acknowledges that data on independent contractors could look different during the pandemic and following its Start Printed Page 1211 economic effects, but does not yet have information to determine how the number of independent contractors could change nor whether these changes would be lasting or a near term market distortion. REFERENCES IN TEXT The Fair Labor Standards Act of 1938, as amended, referred to in subsecs. A regression analysis that controls for observable differences between independent contractors and employees may help isolate the impact on earning, hourly wages, and usual hours of being an independent contractor.
