He thus fundamentally failed to promote the true feminism, which does not exclude any single woman. But if you just tried to bear children yourselves you would sing a different song. Women who perform abortions on themselves are not subject to punishment.

### Protection of Motherhood and Childhood in the Soviet Union.

After the visit, the nurse fills out as full a form see Chapter 22 regarding the woman's history, environment and present mental and psychic condition, as can be seen by a first and necessarily superficial visit.

### Stalin's "New Soviet Woman"

If the woman asking for the abortion is healthy, economically up to standard, living in good social conditions, is not burdened by a large family and is not mentally deficient when she would probably not ask for the abortion, the doctors and social workers all try to prove to her that she does not need the abortion and that it would be a if she did not bring her child into the world, and that she would be endangering her own good health by such a step.

### **The Employed Mother in the U. S. S. R. on JSTOR**

Women in the USSR are accorded equal rights with men in all spheres of economic, state, cultural, social and political life. Introduction: Children in the Soviet Union held a special place in the hearts of citizens and the Party.

### **The Role of Women in Soviet Russia**

Kelly skillfully refrains from editorializing and moralizing, and instead paints the complexities of childhood life, which though uniquely Russian in this case, seem to also approach some universal themes. Women in the Soviet Countryside.
