Reading National Geographic (with Catherine Lutz)

For students: Interactive Reading Practice In Interactive Reading Practice, one of the Life authors, Helen Stephenson, has written reading texts based on articles from National Geographic Magazine.

Reading National Geographic: Lutz, Catherine A., Collins, Jane L.: 9780226497242: tools.github.ffxiv.cn: Books

Next issue arrived in the mail today. This account of an American institution explores the possibility that the magazine, in purporting to teach about distant cultures, actually tells us much more about our own. Something we hope you'll especially enjoy: FBA items qualify for FREE Shipping and Amazon Prime.

Reading Primary Resource

The title of this book grabbed me: READING NATIONAL GEOGRAPHIC. Despite somewhat heavy use of academic jargon at times, they provide enough detail, through interviews with staff members, readers, and others, to give a good sense of the goals and philosophy underlying those beautifully illustrated stories. Lutz and Collins take us inside the National Geographic Society to investigate how its photographers, editors, and designers select images and text to produce representations of Third World cultures.

Reading National Geographic, Lutz, Collins

It is shallow and leans heavily towards a feministic cultural critique; it's also narrow in that it mostly looks at how NG depicts cultures. This account of an American institution explores the possibility that the magazine, in purporting to teach about distant cultures, actually tells us much more about our own.

Reading National Geographic by Catherine A. Lutz

I like the book, but not as much as I remember liking it the first time I read it, many years ago.
