Wind erosion exposes old bones that were covered in muck millions of years ago. The evidence are piling up.

Evidence of Advanced Civilizations living on Earth more than 100,000 years ago?

They frequently performed as offerings to their gods, but since they believed spirits simply moved on to the next world, there was nothing malicious about the ritualistic act. History is vast and the beginning is blurred, human logic has a tendency to set up a beginning to make one feel like there is a reason, a cause, a connection to a greater figure.

Timeline of prehistory

Go back much further than the Quaternary, and everything has been turned over and crushed to dust.

Was Tamana a Universal Civilization of Mankind Before the Great Flood?

Through my research it seems to be Dwarka. Their famous kings, contrlled Egypt during 25th dynasty, and their temples and pyramids were built every where along the Nile Valley.

The Four Civilizations That Existed on Earth Before Humans

You provided us with a list of the Slavic nations that are of modern times, but if your theory is correct, what were these people known as, specifically? Geneticists found gene variation from mummies to modern day Egyptian remained relatively unchanged despite Arab, Levant, European migration.

Was Tamana a Universal Civilization of Mankind Before the Great Flood?

Thank you for an excellent article. It refers to the area where some of the first civilizations arose, and is usually associated with the Sumer, Assyrians, and Babylonians.

Was Tamana a Universal Civilization of Mankind Before the Great Flood?

Even though the rise of ancient Greece came from the Cycladic and Minoan civilizations 2700 BC—1500 BC , there is evidence of burials in the Franchthi Cave in Argolid, Greece, dating back to around 7250 BC.
