### **The Rainbow Comes and Goes: A Mother and Son on Life, Love, and Loss**

Recommended for its historical significance as well as insight into a special mother-son relationship. Nanny and Auntie Ger won custody, and mom got visitation rights. But so many of them stemmed from the loss of her father when she was a toddler, and the loss of a mother she never really knew.

**The Rainbow Comes and Goes : A Mother and Son on Life, Love, and Loss by Gloria Vanderbilt and Anderson Cooper (2017, Trade Paperback) for sale online**

This was a surprisingly enjoyable read, and for me, their voices added an extra level of engagement. His mother worked — and still works — extremely hard.

### **The Rainbow Comes and Goes: A Mother and Son On Life, Love, and Loss**

Let your body's tissues absorb it before you use the tissue in the bathroom.

### **The Rainbow Comes and Goes: A Mother and Son On Life, Love, and Loss**

Why do you think it took Anderson and Gloria so long to have this kind of discussion? He didn't want to be known as a Vanderbilt and kept his lineage private in order to make a name and career for himself without using his mother's surname as an advantage. She has survived abuse, the loss of her parents, the death of a spouse, the suicide of a son, and countless other traumas and betrayals that might have defeated someone without her relentless determination. There is an excellent PBS production of this book.

### **Admin**

She loves to rearrange furniture and decorate. Those long days had to be spent in movie theaters, silently sharing popcorn and so much else less tangible, as they sought escape and some measure of balm.
