Reference 161 Relating to the re

The representative of China stated that upon accession, China would ensure that TRQs were administered on a transparent, predictable, uniform, fair and non-discriminatory basis using clearly specified timeframes, administrative procedures and requirements that would provide effective import opportunities; that would reflect consumer preferences and end-user demand; and that would not inhibit the filling of each TRQ. . The national laws and regulations on taxation were applicable to SEZs in a uniform manner.

CBP should follow this clarification in the AGOA definition text. Those members requested that China undertake an appropriate commitment to eliminate these practices.

Federal :: African Growth and Opportunity Act (AGO) and Generalized System of Preferences and Trade Benefits Under AGOA

Both narrow web elastic and spandex are textile products. The representative of China confirmed that China would ensure that, upon accession, any laws and regulations relating to preshipment inspection by any inspection agency, including private entities, would be consistent with relevant WTO agreements, in particular, the Agreement on Preshipment Inspection and the Customs Valuation Agreement.

TAC Program

Comment: In a colloquy with Senator Coverdell during Senate floor consideration of the Act of 2000, Senator Grassley affirmed that the intention of the managers was to permit dyeing and finishing operations in the United States or in beneficiary countries. Consistent with its obligations under the WTO Agreement and the Draft Protocol, the freedom of contract of enterprises would be respected by China. .
