## The Rising Sun: The Decline and Fall of the Japanese Empire 1936

They included not only a territory to expand into but also had some natural resources.

### The Rising Sun

When America developed the Atomic bomb, it was calculated that using it would end the war and save thousands of lives. Binding tight with light rubbing to corners.

## The Rising Sun: The Decline and Fall of the Japanese Empire, 1936

Why did Pearl Harbor occur and was it even inevitable? At Pearl Harbour they believed they had accomplished that.

## The Rising Sun: The Decline & Fall of the Japanese Empire, 1936

She also correctly held the view that the West held her to a double standard specifically because of her race. It's a lot more fun to read about big personalities, and it's much easier to explain events through the Great Men than through multiple, smaller causes.

## The Rising Sun: The Decline and Fall of the Japanese Empire, 1936

But in the first few chapters of The Rising Sun, John Toland describes all the negotiating that went on between Japanese and American diplomats. For someone already well known with the aspects of the Pacific War, this book may have required some more depth.

## The rising sun : the decline and fall of the Japanese Empire, 1936

It seems strange that they were so complacent, since the spirit of rebellion was high among elite troops charged with defense of the Palace grounds.

### **The Rising Sun**

I understand better, but not completely. The contrast between the survivors matter of fact sounding descriptions and the horror of what they went through was confronting. This is another very loaded historical question in which there are people with strong opinions on both sides.
