Unfortunately, your air force is outclassed and your artillery is outranged. BYELORUSSIA--23 turns; Axis: hold Warsaw. They are indispensible in the later scenarios when you are outnumbered by the allies.

## Panzer General

With a little bit of luck you can get rid of a good part of his fleet without loss.

## Allied General

Stop the enemy in the river hexes and attack them while they are there with heavy armor.

## Allied General

That's because of you, as a Panzer general, have the fate of the entire war resting heavily on your shoulders. Once you control the skies, your air force can bomb and strafe the Allies with impunity. In Husky, the flight option is to pull back to Italy and try to set up a tough defensive line, preferably based on the inland cities out of the reach of naval bombardment such as Foggia and Totenza with infantry and antitank units entrenched and heavily bolstered by air defense units and artillery.
