

Molecular mechanisms of transport - proceedings of the 22nd Bari Meeting on Bioenergetics, International Symposium on Molecular Mechanisms of Transport, Bari, Italy, 29 September-1 October 1991

Elsevier Science Publishers - Molecular mechanisms of transport : proceedings of the 22nd Bari Meeting on Bioenergetics, International Symposium on Molecular Mechanisms of Transport, Bari, Italy, 29 September

Description: -

-

Energy Metabolism -- congresses.

Cell Membrane -- metabolism -- congresses.

Biological Transport -- congresses.

Cell metabolism -- Congresses.

Cell membranes -- Congresses.

Biological transport -- Congresses. Molecular mechanisms of transport - proceedings of the 22nd Bari Meeting on Bioenergetics, International Symposium on Molecular Mechanisms of Transport, Bari, Italy, 29 September-1 October 1991

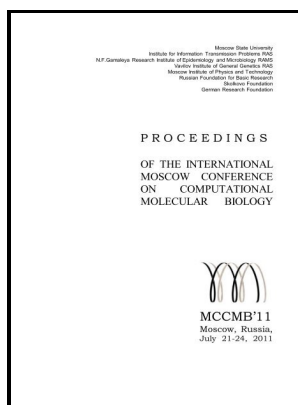

-

v. 29

Developments in biochemistry, Molecular mechanisms of transport - proceedings of the 22nd Bari Meeting on Bioenergetics, International Symposium on Molecular Mechanisms of Transport, Bari, Italy, 29 September-1 October 1991

Notes: Includes bibliographical references and index.

This edition was published in 1992

Filesize: 9.45 MB

Molecular mechanisms of transport : proceedings of the 22nd Bari Meeting on Bioenergetics, International Symposium on Molecular Mechanisms of Transport, Bari, Italy, 29 September

Thus, this volume describes major achievements and new openings of interest to scientists from a variety of fields involving biological transport. Proceedings of the 22nd Bari Meeting on Bioenergetics, International Symposium on Molecular Mechanisms of Transport, Bari, Italy, 29 September-1 October 1991 Author: Ernesto Quagliariello Publisher: Elsevier Science Limited ISBN: Category: Science Page: 318 View: 265 The Proceedings of the 22nd Symposium of the Bari Meetings provides a comprehensive and timely record of the biochemical aspects of biomembrane transport.

We sell books on behalf of several libraries and all ex-library books we sell were properly de-accessioned before we list them online. This book may include remainder marks.

Molecular mechanisms of transport : proceedings of the 22nd Bari Meeting on Bioenergetics, International Symposium on Molecular Mechanisms of Transport, Bari, Italy, 29 September

But we know that a simple core of nucleic acid embedded in a protein coat made the simplest unit of life except for viroids.

The discovery that CD4 TChAT relay neural signals affords a mechanism for providing cholinergic signals to tissues devoid of cholinergic innervation. There may be some creasing or wear to the covers and pages; there are no pages missing. Please email us at bookbarninternational.

Quagliariello, Ernesto

What does the condition of the book mean? Each of the twenty chapters is written by top experts in their field, and Prof.
