### Media cross

Such a review would likely require broader study with respect to the Lobbying Act and its intersection with regulated environments. The Telecommunications Act of 1996 further increased by eliminating a duopoly rule prohibiting dual station ownership in the same market and by lifting the numerical limits on station ownership by a single entity.

### Media cross

Co-owners along with Dolan of which owns the assets of , , and and joint owner of with and , which owns a number of large-market newspapers. Both of these differences allow for more economical systems. At the network layer, things become standardized with the Internet Protocol IP being adopted for.

## 7.2 Evolution of Radio Broadcasting

Owner of the channel space of by , among them Justice Central, Comedy. Recommendation 33: We recommend that direct access to numbering resources be broadened to all existing and prospective electronic communications service providers that are within the jurisdiction of the Telecommunications Act.

### Telecommunication

The designed rules to make sure that there is a diversity of voices and opinions on the airwaves. Instead, the CRTC relies on other powers—including the information-gathering power and a self-standing power to compel those providing international telecommunications services to hold a CRTC licence.
