‘Adorable’: The Queen pictured driving herself to Royal Windsor Horse Show

The terrain is generally flat in the northwestern parts due to ancient glaciers, and gradually gets hillier as one heads east and southeast toward the Allegheny and Appalachian mountain ranges. I would have given it five stars, but the photography left something to be desired. I would have liked full photos of the horses, not close-ups of braided manes.

I have learnt so much. This is a beautiful written book and the illustrations are beautiful. Other than that, the book is full of information about various horse breeds from around the world, and information on extinct breeds as well.

The Majesty of the Horse: An Illustrated History by Tamsin Pickeral

If you are in love with horses as much as I am. Her Majesty looked jovial as she joined equestrian fans at the event, which is a private occasion for the Queen. It pays homage not only to the physical splendor of the horse--its grace, beauty, strength, and adaptability--but also to its remarkable diversity.
