Development Strategy or Endogenous Process? The Industrialization of Latin America

Although distant from the Castilian center, Brazil was not an exception to the centralist impulse. Be sure to include which edition of the textbook you are using! A principal shared characteristic of this system was the transformation, often by gradual and functional delegation of power, of public duty into private obligation formalized through the holding of a fief. Such vicissitudes reacting on each other produced a varied and extremely complex historical process that is.

Development Strategy or Endogenous Process? The Industrialization of Latin America

. The political and administrative structure of Hispanic America owes its centralism to an emphatically centralist Castile and not to a more or less pluralistic Spain. It could be argued that it was in Brazil where the transfer of centralist institutions from the peninsula to the Indies achieved its most telling embodiment: the wholesale transportation of the court and the imperial capital from Lisbon to Rio de Janeiro.
