## L'enigma del correlativo oggettivo

Demographic data and economic and existential crisis are translated into narratives, thus the new ideal place, utopia is no longer traceable as a geographic profile on the planet rather it is a human and a relational one. It is the first out of 6 novels in the Boy Sherlock Holmes Series.

## T S Eliot Lo Spazio Retorico

The present paper will deal with two late medieval mitres and one leather case of the same period, all held at the Museo Diocesano Albani in Urbino. That ornament is not just decoration, that is a superficial element that can be taken away or ignored without harming the essence of a work, and that there is no distinction to be made between decoration and functionality are basic tenets of all contributions that enable them to frame the ornament in less simplified ways.

## Revista Rigel Estética y Filosofía del Arte

Nel precedente volume Gli uomincane non hanno la coda Libri Somari, 2018 , Canestrari ci ha mostrato un'osservazione del mondo da angolature diverse, attraverso allontanamenti e avvicinamenti, comparando la macchina messa in funzione dall'uomo con l'uomo messo in funzione dalla macchina e indicando che, senza la coda, gli uomini non possono esprimere le loro emozioni. Why should I mourn The vanished power of the usual reign? If History is no longer a useful tool to organise our thoughts and culture, since it has been turned into «a press release, a marketing strategy, and a cynical campaign tool» COUPLAND 1991: 151 , what is left is the human ability to tell stories, there is where we can start from scratch, there is where utopia starts, within groups that refuse conventions and are empowered by imagination. Considering the history of ornamentation in Stillfragen, he strove to eliminate the established aesthetic hierarchies and to create a place for the underappreciated status of the decorative arts, well aware of the contemporary aesthetic climate in an industrialized, multi-ethnic Austria-Hungary approaching the 20 th century.

## Laura Santini

Mi accorgo che questo senz'altro dovrebbe essere di nuovo il parere di uno storico-sociologo: l'individuo che non pensa alla storia, l'a-storico per scelta inconsapevole, non avrebbe bisogno di definirsi ma solo di essere nel presente. Este ser sí mismo en el otro de cada tipo de arte, y de cada obra singular, se relaciona fundamentalmente, tal como sostendré al final de este escrito, con nuestro modo de ser: con la circunstancia de que nosotros en tanto sujetos sólo somos lo que somos cuando lo que podemos, lo podemos-o podríamos-hacer de otro modo.

## **Omero**

The pigs' rise to preeminence mirrors the rise of a Stalinist bureaucracy in the USSR, just as Napoleon's emergence as the farm's sole leader reflects Stalin's emergence.

## **Carmen Gallo**

Mi avvicino a Vuong e a questo lavoro di Sganga sullo stimolo di questa occasione e con il concetto di traduzione come metodo.

## **Lady Macbeth and Us. Power, Body and Desire**

The fact that Gombrich was trying his hand at how we perceive ornament has been pointed out differently by Richard Wollheim and Yves Michaud, the most perceptive reviewers of the book.
