## 6: Christian Missionary Activities in West Africa

On September 7, the measures designed to help the economic sectors hit by the coronavirus crisis, including those designed to keep jobs and ensure liquidity and COVID-19 loans, were extended until the end of the year.

## The Unspoken Challenges Missionaries Face

The potential for ambiguity and confusion with respect to public communications may also be greater for homeland security threats and public health hazards such as avian flu than for other hazards. Challenges related to human subjects review requirements, confidentiality protections, and disclosure risks must be fully explored and addressed. As the pandemic situation deteriorated even further, the risk on the PES level was increased again to level five the most serious one on December 27 and the government adopted corresponding measures.

## Six Challenges for the Church in Missions

Through work undertaken as part of the Second Assessment, data on losses from natural hazard events from the mid-1970s to 2000 are now available at the county level in geocoded form for the entire United States through the Spatial Hazard Events and Losses Database for the United States SHELATUS. However, when these challenges are met and overcome, community engaged teaching allows students, faculty, and communities to experience profound growth.

### **Social, Emotional and Behavioral Challenges**

The authorities adopted a four-phase plan to reopen the economy. Since December 2020, the authorities started to rebalance some of the measures, including by i requiring banks to update the credit ratings of borrowers for new restructured loans; ii allowing already accumulated countercyclical provisions to be used for specific provisions; iii extending the suspension of a requirement for banks to stress test individual borrowers. .
