From the beginning of the Kamakura period 1185—1333 the imperial court appointed a Shōgun: a supreme military commander who acted in the name of the imperial court but was in fact the supreme political authority.

## History of Japan

For example, maps and geography textbooks divide Japan into the eight regions, weather reports usually give the weather by region, and many businesses and institutions use their home region as part of their name, Chūgoku Bank, , etc. Other linguistic minorities include the Korean-Japanese and the Ainu. They are recommended for ministerial designation and managed by the prefectures under the supervision of the Ministry of the Environment.

## Culture of Japan

Keiichi Takeuchi se lamenta aquí reiteradamente de esta desarticulación entre la tradición intelectual de descripción regional y la práctica de la nueva establecida por los geógrafos académicos. In spite of Japan's economic difficulties, this period also saw , including , , and , become worldwide phenomena, especially among young people.

## History of Japan

Title is self-explanatory - discusses issues of nationality and imperialism in the management of historical artefacts. High levels of disposable income, however, masked the astronomical cost of real estate and the growing division in urban society between the wealthy and the poor. It has the as measured in the 2013 World Risk Index.
