The Worst Pogrom in Postwar Europe

I picked up this book while traveling in Cracow and visiting their Galicia Jewish Museum. In the words of Behar: Because haplogroups R-M17 and R-P25 are present in non-Ashkenazi Jewish populations e.

The Generation: The Rise and Fall of the Jewish Communists of Poland

Partly this was due to the workerist tendency that had developed in the organisation after the turn to agitation that led it to explain the behaviour of the working class rather than attempting to lead it. Following Liberation in 1945, a few Jews returned to Oswiecim and held services at the shul again.

From Orthodox to secular and back again

The prevailing mtDNA haplogroups were those in , and haplogroup.

Polish Jews today, four generations and growing

The authors note that there is almost perfect separation along PC 1, and, they note that most of the non-Jewish Europeans who are closest to the Jews on this PC are of Italian or Eastern Mediterranean origin.

It eventually became the largest supplier of organic paint in the nation. Last year, it angered the Israelis, as well as the U. These populations showed a high degree of endogamy and were part of a larger Ashkenazi and Sephardic Jewish group.

What Happened To Wisconsin's Once

The Yiddish language seems to have come from Regensburg in Bavaria, and I'm still not certain how to square this thought with my general impressions of Munich when I was there.

What happened to the Jews of Boston's 'Jew' Hill Avenue?

Revolutionaries and rebels, shoemakers and tailors, refugees, soldiers, intellectuals, and apparatchiks.
