Exposure to both types of childhood aggression led to a dramatic increase in the probability of marital aggression. Causes of Confusion in Gender Identity What causes individuals to sense a sort of confusion between their biological gender and their gender identity? Children and adults who do not conform to gender stereotypes are often ostracized by peers for being

These examples from Sweden, Chile, and Japan hardly scratch the surface of demonstrating some of the extreme variation in gender roles worldwide. Violence Among Non-White Groups Although completely accurate numbers are probably not available, researchers generally agree that among ethnic minority groups in the United States, Blacks are the most likely to experience domestic violence—either male-to-female or female-to-male—followed by Hispanics and then Whites.

### **Domestic Violence Varies by Ethnicity**

Gender equality can be a beautiful thing, leading to economic growth, improved freedom, strengthened families, advanced democracy, and worldwide peace. They write about how we can choose to become siblings as we form relationships of resistance, safety, trust, and accountability. À l'inverse des sociologues tels que et ont tenté de concilier les disciplines.

### **Culture and Gender Roles in Society. Are Men and Women Equal?**

Currently, more women than men are enrolled in college, and women are expected to earn more graduate degrees than men over the next several years.
