Space Needle, Seattle 40 years after its construction, the Space Needle remains a popular visitor destination.

List of building types

It didn't last long though. Heydar Aliyev Center, Baku This famous building was designed by celebrated architect Zaha Hadid Image credit: Rohit Potdar fromPexels The Heydar Aliyev Center is one of the most famous buildings designed by celebrated Iraqi-British architect Zaha Hadid. Make use of otherwise unused space with lightweight, heavy-duty shelves.

Buildings

Construction — mainly using concrete and stone — began around 72AD and finished in 80AD. The end result is a beautifully designed, sustainable and virtually maintenance-free steel building that will last you a lifetime.
