Government of Samoa

Each facility or project must follow one standard completely. For example, a person with severe hearing loss is substantially limited in the major life activity of hearing, even though the loss may be improved through the use of a hearing aid.

American Samoa

Pedestrian walkways include locations where access is required for use of public transportation, such as bus stops that are not located at intersections or crosswalks.

AMAA Gala

Because abstention from the use of drugs is an essential condition for participation in some drug rehabilitation programs, and may be a necessary requirement in inpatient or residential settings, a drug rehabilitation or treatment program may deny participation to individuals who use drugs while they are in the program.

Government of Samoa

The ADA, however, also mandates that the title II regulations be consistent with the concepts of the ADA. In some agencies, the RA program may be administered outside of an EEO Office.

ADA Title II Technical Assistance Manual

Applicants and employees may obtain exceptions to rules or policies in order to fulfill their essential job functions within the constraints of their religious beliefs or practices. Information on both direct and indirect costs is lacking. As of March 23, 2009, ten American Samoans had died in, and two had died in.

American Samoa

At service counters, must provide an accessible portion of the counter or a nearby accessible counter.
