## Gender Equality and Female Empowerment Policy

Do they reduce, rather than increase, women's unpaid care work? Political gatekeepers such as party leaders nurture and grow a pipeline of future political talent.

## CIDA's Underspending: The Minister's Explanations Don't Add Up

Martinez tries to understand the various outcomes and effectiveness of all 6 development theories. Wages impacts the economy by levels of pay supply side and what goes back into the economy demand side, or costs for goods and services. This also includes the disproportionate ratio of women to men in the job market and at leadership position, low level of education among women, and low socio-economic status among women.

## How Fewer Women in Politics Impacts Policy and the Economy

Gender Equality, Promise to Practice: A Study of the Progress toward Gender Equality of CCIC Members. Women and Gender Equity in Development Theory and Practice: Institutions, Resources, and Mobilization.

## Rethinking Canadian Aid

A lack of leadership on gender equality means that the language could easily change with little official resistance. There is a myth that women are not involved in politics due to family responsibilities.
