If there is one scientific toy to get your child, its this one. They will love to put it together and take it apart again, challenging themselves over and over again.

### Educational Toys, Games, and Books for Kids

There are many easy puzzles that they can start out with, and then there are advanced puzzles that even adults could do if they want! With an included canvas bag, you and your family are set. Your child will be entertained for hours. We even have a selection of the coolest robots on the market that actually teach kids how to code.

### Discovery Toys

Send them off to school prepared by getting them this toy now! Educational toys are very important for your child to learn and grow. For the most educational toy of all, get this bundle of flash cards. Our Consultants continue to amaze us with their Easter Basket fundraising efforts! It comes with 10 game cards and can express its emotions, and there are even more games available on the Boxer app.

Kids open the piggy bank to remove the colorful, numbered coins. Whether you use them as a standalone teaching tool or something to combine with daily lessons, this is a fun way for your child to learn more about matching. With STEM activities included, your boys and girls can learn all about the hand cranking flashlight, compass, whistle, and bugs.

### Educational Toys for 10 Year and Older Kids

There are plenty of activities that work with children on learning important skills, like tying your shoe, writing the alphabet, learning to cut, and drawing shapes. There is so much fun for them to go through, and their imagination and curiosity will be filled. It also goes over fun animal pictures, and it will show your child animal sounds from nature! Instead of having them write their letters over and over, let them create them from the playfoam! So, stay away from anything with small pieces that they'll want to put into their mouths.

## **WhizBuilders**

The toy can play more than 40 fun songs, tunes, and phrases to interact with your child. Testers whipped up everything from towers and trains to castles and animals. It helps to encourage your child to love science.
