### Dayereh

Swearing by this maxim, Dharitri devotes a significant chunk of its space to news and features on farming. In fact, Dharitri has been providing wind to its sails of progressive ideology unprejudiced by age old biases. Since its inception, Dharitri has been featuring news, articles and special pages on Jagannath culture, rituals, festivals and services of the deities.

An engraved bronze cup from at the in , portrays a double end-blown reed pipes , harp , and dayereh in a shrine or court processional, as similarly documented in , , and the Persian province of where music was arranged for performance by large orchestral ensembles. The simple drum is formed by attaching a skin cover onto a wooden ring with glue and cloth ties. The right-hand fingers are fastened about their neighbours and suddenly released like the action of finger-snapping to produce loud, rapid, sharp sounds.

### Dayereh

Another variation is to have the ring-style jingles arranged around the edge of the inside of the drum the whole way around or to have several tiers half way around the inside edge. The man-elephant conflict has come up as a major issue in Odisha.

### Bhartrihari

From day one, the paper has strived to enrich Odia language and literature. Dharitri has always been ahead of others when it comes to catering to the interests of youngsters. It cannot be overstressed that renowned elephant experts such as Prof Raman Sukumar had helped launch this movement.

### Bhartrihari

As the only impartial Odia newspaper of the state, Dharitri could fast endear itself to vast multitudes of youth, and was the first newspaper to launch special pages and features keeping in mind nuanced interests of its subscribers.

## **Dharitri epaper**

Odisha has a largely agrarian economy. Though intellectually he presumably understood the transitory nature of worldly pleasures and felt a call to and living, he was unable to control his desires. Any discussion on Odia life and culture is futile without a word on Lord Jagannath.
