The top leadership gathered around his bedside, but he could only move his little finger. It is purposive in its relation to the principal categories of readership of a Soviet newspaper: a given topic or theme may, as a result of central propaganda directives, be emphasised by all propaganda organs for the purpose of creating a certain climate among a universal readership; a theme directly related to a newspaper's functional concern may be articulated including organ-specific directives as part of a differentiated universal campaign for the purpose of motivating a specialised readership; or articulations in support of a particular point of view on current policy debate may appear, for the purpose of instigating an esoteric readership to aggregate and further to press its policy-relevant interests. The books represent the analysis of the authors and should not be construed as an expression of an official United States government position, policy, or decision.
