### First Amendment Handbook

The law does not allow clerks to start counting absentee ballots but permits them to remove absentee ballots from their outer envelopes and start sorting them for counting on Election Day.

### Journalist's Guide to Legal Experts

The ability to record a meeting, either through audio or visual recording has generally been viewed as implicit in sunshine laws if not explicitly written into the state law. Exit polls conducted by phone While in-person exit polling remains a frequent practice, phone surveys are a growing practice. Many state court organizations have developed operating rules that guide the use of cameras in the courtroom.

### Expert Guides

If you need further assistance concerning the state or federal law, the Reporters Committee for Freedom of the Press will help you without charge. Available includes voter name, residential address, mailing address if different, race, gender, registration date and last voting date.

### How to: know when to use photos from social media

Some states permit electronic meetings so long as public access to the meetings is assured. Federal rules require that anyone filing a federal court document must redact certain personal information in the interest of privacy, including Social Security or taxpayer identification numbers, dates of birth, names of minor children, financial account information, and in criminal cases, home addresses.

### Finally: A Guide for Journalists to Navigate Fair Use of Copyrighted Material

With varying outcomes, trial courts have also on occasion issued prior restraints to prohibit the publication of information contained in sealed court records that falls into the hands of reporters. With the rise of social media marketing, the number of implications for the law has grown tremendously.
