Andrei is confused, but Andrei always accomplishes what he sets his mind to. Based on Amnesty International's investigation on the profiles of the victims, the war on drugs created a war against very poor people, as suggested by the wife of a killed victim based in Metro Manila who attested that , 12 : Those who are rich are jailed and turned into witnesses. Reading “War and Peace”: Andrei and Pierre

Rather, following Clifford conceptualization of rights, I argue that peace is a flexible discursive tool that political actors use to rally and to mobilize support for a particular policy strategy, and in some cases, perhaps a broader revolutionary movement.
