## All the Best: The Selected Poems of Roger McGough

Engagement, activism, beauty, longing and a way to talk about those things. The writing and illustration are sublime. Thwaite, born in 1930, has published 15 volumes of poetry.

## 10 of the Best Seamus Heaney Poems Everyone Should Read

Roger McGough's delightfully ingenious text and Chris Riddell's striking illustrations take children from the furthest realms of fantasy into the fascinating world of technology to discover the workings of familiar machines, making it an exciting book which will delight again and again. The selection is well thought out and although the order is alphabetical by poets name there is still a great flow from one poem to the next - there are whole sections that we love to read out loud, Robert Louis-Stevenson 'the vagabond' followed by Muriel Stuart's 'the seed shop, then Tennyson 'the brook', T I love this book, I have owned a copy for many years, I read aloud to my kids at bed time.
