EconPapers: Sustainability

The proposed system will realize better rise time and less overshoot while operating in extreme nonlinear dynamic system conditions. Lavishly illustrated catalogues were vehicles Fig.

Zhang Lu

The agreement between the achieved real-time responses for step and sinusoidal demands with those achieved by modern servosystems clearly establishes the acceptability of the controller design.

Lu Zhang

In 2007, Supreme Leader Ayatollah Khamenei ordered that government officials speed up implementation of the policies outlined in the amendment of Article 44, and move towards economic privatization. Agyenim, Francis ; Eames, Philip ; Hewitt, Neil ; Smyth, Mervyn.

Zhang Research Group

A detailed history of the anti-footbinding movement has yet to be written, but its close association with movements of national renovation, reform,

and revolution is obvious from all accounts.
