In addition, providers must facilitate a collaborative treatment environment where patients and their family members are a part of the caregiving team. Date limiters and English language were then applied for each database.

### Eight ways to improve quality and dignity

As with nursing homes, indications are that home health agencies with a high number of African-American clients have lower quality of care scores. Volunteers provides advocacy and support for residents of long-term care facilities. Adult Children and Ethics After a lifetime of being cared for by their parents, many adult children have a hard time understanding why and how to care for their now elderly parents.
