We pay for your stories! This edition was especially created in 1998 for Quality Paperback Book Club by arrangement with Facts on File, Inc.

OCR A Level History: Early Medieval England 871

The Sutton Hoo ship burial was found in East Anglia see below. The plain binding is made from a piece of brass, up to 9. From one of the Pictish The construction of the helmet is complex.

History of each of the Home Nations: England, Scotland, Wales and Ireland

At some point in the process a slight dent in the front portion of the nose-to-nape inscription band was also reshaped, despite the belief that it represented contemporary use of the helmet, not post-deposition damage. These texts have long been part of the English national story.

Francis Leneghan

Gaps in protection were apparent between the loops, and so a wire was threaded through the loops to pull the rings against the cheek pieces; this was an invention of the laboratory with no evidence of contemporary practice, but is reversible.

Ford Special Lectures

From 2017 the helmet formed part of a touring exhibition titled 'Viking: Rediscover the Legend' and was displayed alongside the , the and the , with the tour starting at the Yorkshire Museum in May 2017 with subsequent displays at the in Southport, , , and the.

ASNC: Introductory Reading Lists, Part I

Brewer, 2020 , unravels the web of Scandinavian royal legends known to the work's original audience, allowing the modern reader to appreciate

better the role of the monsters as portents of dynastic and national crises. The shock of the excavator's strike probably also accounts for a missing portion along the rear sinister brow band, which may have corroded before disintegrating with the impact. Two pieces of equal length were used, abutting at the back of the helmet, although the strip was not found with the helmet.

10+ Anglo

Here the famous Battle of Maldon was fought against the Vikings in 991. As well as the traditional corpus of texts associated with the king, namely the Old English Pastoral Care, Boethius, Soliloquies and Prose Psalms, we are equally interested in works often placed outside of this traditional canon, such as the Old English Bede, Orosius and Dialogues, the Domboc and the Anglo-Saxon Chronicle. In fact, there are many seemingly animal-related words and phrases in the English language that have nothing to do with animals at all! Most of the brass fittings needed only cleaning with glass bristle brush, and the interior of the cap was only lightly cleaned, leaving material for possible future analysis.

Coppergate Helmet

The Coppergate Helmet Material Iron, brass containing 85% copper Created 8th century Discovered 1982 , Present location Registration The Coppergate Helmet also known as the York Helmet is an eighth-century helmet found in , England.
