## Week 1

All seem to be blaming the same people — the government, the banks, but especially the IMF. Reindeer antlers stood proud above front doors.

That first night was uneventful, and the next day we awoke to bright sunlight reflecting off the whitewashed rows of buildings, chasing away the freezing cold nights that characterise Bogota. For the dancers, Szok highlights the best dance spots while offering insight into Latino clothing traditions like the pointy boots botas picudas in style throughout dance halls like Escapada 2001 and OK Corral, where they play norteño, banda, cumbia, and other Latino music. Just ask Volz, who narrowly avoided being lynched by an angry mob of Nicaraguans after being charged with murder last month.

## Where gringos come to die

An evening of television and dry clothes, followed by a night in a soft bed, was a much-needed and welcome respite from the elements. I never found out what jungle wine was made of, but it tasted good and we drank it for hours, resulting in me giving back to Pacha Mamma more than I intended at about 4am outside our treehouse.

## Travels Of A Gringo

A recovering alcoholic and drug addict, I had many encounters as a young man, including many with books and films, concerning which I do not necessarily possess the strongest recall—sometimes I possess none—and generally I reread books when that recall is especially poor, but even though I cannot remember the exact context in which I read GRINGOS, I still remembered the basic plot and all manner of incidental detail when I decided to have another go at it here over the last few days.

## Lost Captures

Like if you sat down and spooned half a container of fat-free Cool Whip into your gaping maw. Similar to the Elves, the men are proud and handsome, and the women are some of the most beautiful in the world. The shooting happens, and then the characters begin screaming at each

other because their adrenalin has been increased a hundredfold.
