B 68, 633-636 1999 poster presented at Int. The Sixth International Conference on Dissociative Recombination: Theory, Experiments and Applications DR2004 was organized by the Research Group on Atomic and Molecular Physics with Stored Ions at the Max-Planck Institute for Nuclear Physics in Heidelberg, Germany, and held near Heidelberg in the town of Mosbach in July 2004.

Nuclear & Plasma Sciences Society

Symposium of, 16 February 2013, Boston, Massachusetts USA. Malzer, Lehrstuhl für Mikrocharakterisierung, Friedrich-Alexander-Universität Erlangen-Nürnberg, 2002 , p. Contact , Nagoya University, Department of Electrical Engineering, Furo-cho, Chikusa-ku, Nagoya 464-8603, Japan; phone 81 52 789 4698; fax 81 52 789 3152.

sixth international conference: Topics by Science.gov

Contact ; phone +82-55-280-1450; fax +82-55-280-1490. A smart phone "app" was also utilized, thanks to Elsevier, to communicate electronic versions of the posters during the conference. Contact , Institute of Energy and Climate Research Microstructure and Properties of Materials IEK-2, Forschungszentrum Jülich GmbH; phone +49 2461 61-3230; fax +49 2461 61-8312.

test technology ieee: Topics by Science.gov

It draws together scientists with expertise in theoretical, computational and experimental approaches to understanding biological systems at many levels. We would like to take this opportunity to thank all the delegates who attended the conference and made the conference successful, and to the authors who contributed papers to this special issue. Contact Marta Fajardo, Centro de Física dos Plasmas, Instituto Superior Técnico, 1049-001 Lisbon, Portugal; phone +351 21 841 92 02.

## **Nuclear & Plasma Sciences Society**

The program included 38 oral talks and 39 posters.

### **sixth international conference: Topics by Science.gov**

The conference brought together approximately 200 investigators from around the world North America, Asia, Europe and Australia representing different fields and disciplines cell biology, genetics, biochemistry, biophysics, plant physiology, genomics.
