### Remarks by Under

The Division for Sustainable Development Goals DSDG in the United Nations Department of Economic and Social Affairs UNDESA acts as the Secretariat for the SDGs. The resolution calls for a Conference on the Midterm Comprehensive Review of the Implementation of the Objectives of the International Decade for Action to be convened in New York from 22 to 24 March 2023.

### UN E

The General Assembly President expressed regret that many people, particularly in the poorest countries, and those locked in conflict and post-conflict situations, still live way below the poverty line, and urged a focus on poverty eradication and education, both of which, he said, are fundamental to achieving the goals and targets set out in the 2030 Agenda. This alone will have a significant impact on helping many countries to achieve the Sustainable Development Goals needed to support the health and wellbeing of their communities and to achieve food security. UN Secretary-General António Guterres welcomed the progress being made by governments beginning to integrate the SDGs into their national policies, but he said deadly conflicts, the climate crisis, gender-based violence and persistent and rising inequality were holding everybody back.

### Sustainable Development Summit: 'We must step up our efforts

All of this could happen through strategies and technologies that are available today.

### Development Reform

The Special Purpose Trust Fund SPTF has been established to receive, consolidate, manage and account for all contributions and financial transactions of the new RC system, in a transparent and effective way.
