Foreign Relations of the United States, 1958

The Communists have had considerable success in capitalizing on the social unrest, economic problems and ultra-nationalism prevalent in most parts of Latin America. Latin American plays a key role in the security of the United States. With a sense of downside protection, many in the region tend to focus more on the potential economic upside of BRI, and of China more broadly.

Vestnik RUDN. International Relations

As a result, what we do may be no more important to the achievement of our objectives than how we do it. In exceptional cases, be prepared to accept participation by a Latin American state in combined operations in support of U.

Africa: Russia, Africa and the Debts

Similarly, China's global trade is better developed in its coast regions as opposed to those areas farther away from marine transport routes Sachas 2006. Demands for greater democracy and civil liberties have accompanied the increasing influence of urban middle and working classes. But even among these moderate nationalists, the ultimate goal is the development of national economies in which nationals of the country will control the enterprises and in which trade with a single country will not dominate the economy.

CIDOB

He added BRICS countries are championing the rights and interests of Africa and other nations with emerging economies, speaking out in favour of increasing their role and influence in the global governance system, particularly international financial and economic organizations. Work toward a reduction of tariff and other trade barriers with due regard to total national advantage. The region weathered the international crisis with unprecedented resilience and emerged from it sooner and more strongly than the developed economies.

Caribbean

The records transferred to the National Archives from USAID comprise Record Group 286. Oil in Africa Dependent Economic Growth Wealth alone is insufficient to end the cycle of poverty and to develop the economy in certain countries.

CIDOB

In 1999, the IFPRI team on microfinance conducted a survey with international NGOs and networks supporting various types of MFIs. Except when it will create undue demand on the United States seek, in the interests of standardization as well as for other reasons, to discourage purchases by Latin American governments of military equipment from other countries, especially Communist countries, primarily by assuring the Latin American countries that we will endeavor to fill their essential requirements expeditiously and on reasonable terms.
