Human Resource Management Annotated Bibliography

The first paragraph will summarise the main ideas of the article, identifying the hypothesis, purpose, research methodology and conclusions. The has also focused on the use of any agency for the recruitment process and the internal recommendation of the employees on the process of recruitment and selection. Note that this section is not an essay going over everything you have learned about the topic; instead, you must choose what is most relevant in explaining the aims of your research.

Annotated Bibliography

You can create entries for websites, books, videos, databases, dictionary articles, and many other types of sources.

Writing a Research Proposal

Step 1: Analyze your sources Each annotation should be a summarization or analysis of your source. In addition to forming the citations, you can also enter your annotation text to produce the complete entry for each source. How does it fit into your research? This book also helped me get a good understanding of the perspective the other side supports and made it easier for me to counter their motives.
