## Disability and Health Healthy Living

Witten K, Kearns R, McCreanor T, Penney L, Faalau F. Plan for success by using more of the cans than the can'ts. Oliver M, Witten K, Kearns R, Mavoa S, Badland H, Carroll P, et al.

## Disability and Health Healthy Living

Recruitment began with school-aged disabled young people who were recruited through educational institutions providing specialist services for vision and hearing impaired young people. Assessing and evaluating the whole picture by using the critical thinking developed in school and on the job is essential to success. For many vision-impaired participants who were unable to see them, tracks were downloaded after the end of the data collection session.

## Taking Charge: Stories of Success and Self

The traces show her tracks across the Waitemata Harbour, as she skippered the adapted small boat independently.

## Jobs and Education for People with Disabilities

A developmental comparison of the out-of-school recreational and leisure activity participation of boys and girls with and without physical disabilities. Flexibility was also needed to ensure the ongoing support of staff in educational settings.

## Disability and Health

Not all methods could be, or were, used with all participants. Then I mark the things that must get done today or tomorrow as opposed to later, and I prioritize in order of importance.

## Skills for Success: What Every New Nurse Needs

I am a really BAD speller. These insights may help young people learn to lead self-determined lives.

## **Taking Charge: Stories of Success and Self**

If you or someone you love is being victimized, there is help available. Int J Behav Nutr Phys Act.

## **Enabling participation for disabled young people: study protocol**

Also, working with vision, hearing and mobility impaired young people necessitated nuanced differences in the uses of disability-related language between groups. Bedell G, Coster W, Law M, Liljenquist K, Kao Y-C, Teplicky R, et al. Learn Where to Learn Yes, nurses in school learn the hands-on nursing skills like hand hygiene and infection control, says Goldstein, but, like any nursing skill, mastering them takes time.
