Screenprint in colors, on wove paper, with full margins. Indeed, like the distinctive medieval buildings where the complicated inlays and bands of black and white marble conspire to deny the overall shape of a façade, so too here Riley proffers a sense of disturbed equilibrium within what seems a rigid serial structure - the essential 'subject' of her art from this period.

Indeed, the overwhelming impression is that it is only in looking that the true nature of the painting is revealed and completed. Provenance: Oliver Sears Gallery, Dublin; Private Collection With its vertical bands of colour, this original gouache painting is part of a series of works created by Riley to celebrate her major exhibition at the Serpentine Gallery in London in 1999. The curve and the proximity of the lines make the painting appear to vibrate and move, as the viewer attempts to process the forms.

## **Bridget Riley, 2011**

An artist whose examination and rigour in painting is hard to match. Thus evoking a range of visual experiences - some viewers might focus upon the implication of movement, while others the sense of compression, and still more might perceive light as colour - the composition remains deliberately enigmatic.

Prospective buyers should also refer to any Important Notices regarding this sale, which are printed in the Sale Catalogue. It is difficult to ascertain if the black is on top of the white or the white on top of the black, and instead the relation between the two colors never settles into an easy harmony. Certain elements within that situation remain constant.
