## A Review of Work Based Learning in Higher Education

Online collaborative learning may be classified as a constructivist approach to learning Bates, 2015.

## A Review of Work Based Learning in Higher Education

Cite this article Wallin, A.

## How experienced professionals develop their expertise in work

Motivating these students is challenging instructors on the higher educational level.

## Developing nursing practice through work

Implications for Future Work In order to overcome some of the common challenges of collaborative learning and maximize benefits, it is important to adhere to the recommendations that have emerged from the research on collaborative learning efforts Scager et al.

## A review of the practice of work

This should provide the reader with a general idea of how work-based learning is approached and how module outlines can be created and adapted to appeal to HEIs employers and learners. Educational Psychology Review, 27 4 , 645—656.

## PCRN: Work

Learners are likely to be on individually negotiated programmes facilitated exclusively by the University though the learning undertaken will be negotiated with both the learner and the employer.

## How experienced professionals develop their expertise in work

Some modules, such as Action Learning Facilitation, are designed to provide a skill base for learners to form groups to solve their own workplace problems and issues.

### **Models of work**

Peer feedback is also important at this juncture.
