## The Phantom Rickshaw

Billy Fish saunters round and gets as close to Daniel as he could, and behind him stood his twenty men with matchlocks—not a man of them under six feet. Nothing on earth will induce me to go near that devilish spot again, or to reveal its whereabouts more clearly than I have done. I therefore ordered my groom to saddle Pomic and bring him round quietly to the rear of my tent.

The Man Who Would be King is—as its name suggests—about an Englishman who takes it into his head to search out some legendary white-skinned, blond-haired tribes that live far away in the mountains beyond Kabul perhaps? For any sign she gave I might have been a dog in the road. Kipling may have enthralled us with the antics of Mowgli and introduced us to Kim, but he is at his writing best when he presents these ghost tales.
