Monsters of Pennsylvania: Bigfoot, UFOs, giant snakes and more

In spite of intense and expensive efforts, nobody has yet succeeded in luring the Loch Ness monster or one of them, in case there are more than one in the lake into a position where it can be conclusively photographed, or trapped long enough for an examination to be made. The bird is actually said to have lived in the Gobi Desert. In Greek legend Achilles was a hero of the Trojan War.

Our 10 Favorite Monsters

Story: According to many werewolf sightings have been reported in Wisconsin over the decades.

7 Stories of Wisconsin Monsters & One from Upper Michigan

We've tracked down some of the most famous alien and monster photographs ever taken to show just how weird and wonderful the world can be. Did the US government blow the island up to expand the US hold on the oil-rich Gulf like some? According to John Kirk, Ogopogo expert and president of the British Columbia Scientific Cryptozoology Club, there is far better evidence for the existence of in Canada's Lake Okanagan than at Loch Ness.

Secrets & Mysteries

For over twenty minutes, the crew of the HMS Daedalus, a Royal Navy warship, watched what they claim to be a giant, 100-foot-long snake with a dragon's head swim near their boat. They sailed to the ship, but the closer they got, the Griffon vanished. Home Pounding or House Pounding as some refer to it is described as loud bangs or pounding on the side of the house or trailer mostly during early hours morning hours.

15 Unsolved Ocean Mysteries That'll Keep You Up At Night

But is this really a 'monster' or is there a more conventional explanation? He stated this island was a naval power that had conquered parts of Western Europe and Africa. Vodiano were often married to and like Rusalka, they may have been the spirits of unclean dead.

Mysteries Around Us: Underwater Monsters

Ironically, the photograph that propelled Champ to stardom was later revealed in a 2003 investigation to be almost certainly an image of a floating log instead of a lake monster. In 1997, researchers from NOAA listening for underwater volcanic activity using hydrophones underwater microphones noticed an extremely loud, powerful series of noises in the Pacific Ocean. They were deeply moved, and told him he could take Eurydice back to the surface.
