### Section 223 Demonstration Program to Improve Community Mental Health Services

Presenter comments are viewable by hovering over the bubble in the upper left corner of the page. Referral Referrals come from school counselors, community-based organizations, or self-referral.

#### How to apply for services

The funds will be transferred to the organization via check. Their app evaluation model gives practitioners a way to make informed decisions when considering whether an app works for them and their patients. You may complete an online application by using the website.

#### Mental Health Services

Inactive Grants for current Medicare Rural Hospital Flexibility Program award recipients in states with certified Critical Access Hospitals to work with providers and other partners to improve access to needed healthcare services and to improve the coordination of care for veterans living in rural areas. This skills training is provided by one or more Community Living Supports specialists who may be practitioner Level 4 or 5. A special emphasis is on demonstrating knowledge and understanding of the specific concerns of children, adolescents, and transitional-age youth in high need and high demand areas who are at risk for behavioral health disorders.

#### Section 223 Demonstration Program to Improve Community Mental Health Services

Finally, these helpers displayed a high sense of self-efficacy.
