## Jewish Gauchos

The author, a major figure in Argentine literature, was a great influence on Borges. At one point, according to 78-year-old Basavilbaso native Enrique Salomon, half the businesses and stores were owned by Jews.

A third issue that affects memory is the degree of literacy of the informant; those with access to written records will have conflated personal with scholarly constructions of the past. However, since these waves of newcomers became an integral part of the Argentinean national story, the Jews were included in that story, too. Europeans were considered to be the most fit to populate Argentina's vast territory, promote sociability through the establishment of agricultural colonies in desolate rural areas, diversify economic productivity, and, in the long run, modernize Argentine culture and society.

Only the occasional sweep of illegal aliens, the momentary drug bust, the quick vacation on some tropical beach may briefly lift our eyelids as we tsk-tsk our bemusement at those underdeveloped folk. . Who remembers what, when, and why? Always a solitary life be it in group tents like the nomadic tribes or be it in isolated rancheríos as in southern pampas.

## Outpost on pampas where Jews once found refuge wilts as they leave

The metaphor of the Jewish gauchos is a paradox that will be unveiled through the mix of official and testimonial understandings of history. Bypassing the migrations, the exiles and the persecutions, it links you to your history, to your past ; it will allow you to pass on to your own children the meaning of the journey, taking the Jewish route, the path of the « Jewish nation » in exile, that comes to life under your eyes.

The Jewish Gauchos of the Pampas portrays the colonies as a new Jerusalem, and equating the Argentine colonization project with returning to and redeeming the land held particular resonance until the State of Israel was founded in 1948. A municipality of the Department of Villaguay in the

province of Entre Ríos in northeastern Argentina, it was home to 2,748 inhabitants in 2001 Censo de Entre Ríos 2001.

Several issues need to be considered when reflecting on whether, and to what extent, memory adds to understanding how and why history is created. The social construction of selfhood and otherness, however, can only be discerned at the local level, at a particular point in time, as diverse versions of history are politicized to legitimate the present individual or collective social position.
