The factors that are relevant and important are considered with questions they must address before their decision is made. For our purposes, these protests, debates, and controversies are extraordinary reminders that the study of delinquency does not exist in a vacuum and that large scale social issues can dramatically influence our understanding of why youth commit criminal offenses.

## Juvenile Delinquency: Theory, Practice, and Law by Larry J. Siegel

Praised for its balanced approach and for the authors' engaging writing style, this text will help you understand the nature of delinquency and its causes, as well as current strategies being used to control or eliminate its occurrence. The delinquent subculture therefore emerges as an alternative set of criteria or values that underclass adolescents can meet.
