National Reforms in Vocational Education and Training and Adult Learning

As Web and TV converge, linking between them will be not just possible, it will be necessary, in order to provide new, interactive services around audio-visual material.

ENEX

Please plan for delays in obtaining Payee access. Furthermore, resulting LinkedTV technology provides interesting opportunities for producers, owners, and distributors of audiovisual content.

Skills for National Development of Uzbekistan

A number of measures aimed at improving professional skills and increasing participation in lifelong learning have been implemented, particularly among young people with a lower level of education and disadvantaged in the labour market.

Korea

The Clearinghouse on Development Communication, Washington, D. Upon completion, the trainees receive a certificate signed by all partners.

Countries with e

Pre-paid and pooled funds must be allocated effectively for better quality services and improved health outcomes. The project consists of three phases: a start-up phase first half of 2019 , a project phase 2019 -2020 and a disseminating phase 2020-2021.

Media Production BA(Hons)

In April 2015, an MoU was signed between MoF and the WB expressing the mutual desire to collaborate through various instruments. It is a high-level report which aims to provide a bigger and deeper understanding of the project—how it will benefit the organization and how it will fit into future business strategies. Target groups: ENIC-NARIC centres, LRC Committee Bureau, admissions officers in Higher education institutions HEI , students, organizations, online education providers and policy makers.
