Cities and Happiness: A Global Ranking and Analysis

When I carry a book's ideas around in my head and, day after day, look at my surroundings through the eyes of those ideas, that's when I have to think that a book has had an impact on me.

National Geographic Ranks The 25 Happiest Cities in the Country

However, its strengths far outweigh its weaknesses. I didn't zip through it, enthralled, but I engaged it every day--mostly in nibbles during my lunch hour--and it would form the touchstone of my thoughts on my commuting drive home.

Happy City: Transforming Our Lives Through Urban Design by Charles Montgomery

While life evaluation is our primary measure of subjective well-being, we also take into account well-being measures of how people experience their lives on a day-to-day basis.

These Cities Are the Happiest in America—How Does Your City Rank?

However, at the one-third point in this book, I felt like I had to wade through too much unknown territory in order to make some attempt to connect with the people with whom I was becoming acquainted. And I tend to judge people often by whether they like the book or not.

National Geographic Ranks The 25 Happiest Cities in the Country

Rapid urbanisation, however, also imposes challenges: a lack of affordable housing results in nearly one billion urban poor living in informal settlements at the urban periphery, vulnerable and often exposed to criminal activity.

These Cities Are the Happiest in America—How Does Your City Rank?

Montgomery tells us that happiness is not an accidental thing - sometimes it can be caused by design. But on the other hand the book gives This is one of the trickiest books to review because it is good and bad at the same time; likeable and non-likeable at the same time. Most of my reading

was limited to the age-appropriate fare on offer at our school library, which I had far outgrown and read twice over.

The City Environment and Happiness Across the Lifespan

Montgomery's arguments felt counterintuitive to me, but maybe that's revealing . I JUST REALLY HATE CARS GUYS, and this book convinced me even further.
