Firefly is also about 80 pages longer than Good Housekeeping. There are instructions for making hand dyed yarn in the crochet chapter.

The Good Housekeeping Illustrated Book... book by Good Housekeeping

I ended up purchasing it because it had the best illustrations and the most interesting projects compared to the really goofy crochet project books on the shelf next to it.

Firefly's Step

This is most prominent in the crochet section, where there are substantial differences in terminology. However, if you are already an avid crocheter, knitter, quilter, etc, this book is great for a reference on advanced techniques and inspiration for design as well as broadening your skills by learning the techniques of another form of needlework.
