Artworks are also open to contestation and re-interpretation; they form a far more democratic relationship with their audience which can be contrasted with the implicit authority inherent in the museum representation of the past. Indeed, artworks such as Unquenchable Spirit which

appears shocking and forthright might indeed be what a community might want to remember about the British enslavement of African individuals. The narrative is chronological through time and across cultures, so that one can visit the world of art in any era and learn what was happening around the globe. Among other things, it features one of the first depictions of public hair in Western art.
