Drug Abuse Prevention Starts with Parents

Talk to your children about these messages to help them understand what is real. Listen without interruption and give your child a chance to teach you something new. The more knowledgeable they are the smarter their decisions.

How to help your child say 'no' to drugs, alcohol

As part of your regular safety conversations, talk about avoiding tobacco, alcohol, and drug use. It helps if you role play and practice.

Talk to Your Kids about Tobacco, Alcohol, and Drugs

Make talking about drugs a part of your everyday conversations by taking advantage of situations that occur on TV, in the news, or on social media. That means many individuals who drive after drinking think they can control a car—but actually cannot.

Make a Difference: Talk to Your Child About Alcohol

After each statement, also talk about why you each placed your friend where you did. Why do you need a Family Quiz Code? The following are some scenarios to help share guidance with your young adult child. Department of Health and Human Services.

Talking to Your Child About Drugs (for Parents)

These may include situations in the news, with people you know, or with friends. Parental smoking exposure and adolescent smoking trajectories. Most young teens are aware that many people drink without problems, so it is important to discuss the consequences of alcohol use without overstating the case.
