

Analysis III - spaces of differentiable functions

Springer-Verlag - Analysis III: Spaces of Differentiable Functions: 26 : Peetre, J., Nikol'skii, Sergei M., Kudryavtsev, L.D.: tools.github.ffxiv.cn.au: Books

Description: -

- Asymptotic expansions.
- Integral transforms.
- Integral representations.

Operational calculus. Analysis III - spaces of differentiable functions

- Unesco Manuals For Librairies -- 14
- Encyclopaedia of mathematical sciences -- v. 26 Analysis III - spaces of differentiable functions

Notes: Translation of Analiz 3, published as part of the series Itogi nauki i tekhniki. Seriya sovremennye problemy matematiki. Fundamentalnye napravleniya.

This edition was published in 1991

Filesize: 31.54 MB

Analysis III

Of course, such a choice had to some extent have a subjective character, being in the first place dictated by the personal interests of the authors.

real analysis

But the existence of continuous partials does. All their critical remarks, for which the authors hereby express their sincere thanks, were taken account of in the final editing of the manuscript. For more or check out our.

Analysis III: Spaces of Differentiable Functions: Encyclopedia of Mathematical Sciences: Vol. 26 by S. M. Nikolskii

A large number of results obtained in the past 30 years are included.

Analysis III: Spaces of Differentiable Functions: 26 : Peetre, J., Nikol'skii, Sergei M., Kudryavtsev, L.D.: tools.github.ffxiv.cn.au: Books

Text will be unmarked and pages crisp.

Analysis III: Spaces of Differentiable Functions: Encyclopedia of Mathematical Sciences: Vol. 26 by S. M. Nikolskii

Use MathJax to format equations.
