## China's Political System: Modernization and Tradition by June Teufel Dreyer

Update: This was one of the most interesting books I have utilized in a college class. A textbook should be insightful but I don't always find the majority of textbooks to be interesting.

## China's political system : modernization and tradition (Book, 1993) [tools.github.ffxiv.cn]

In this revised edition Dreyer continues to challenge students to think about the larger problems of governance in China by expanding her coverage of such hot topics as the complications inherent in transitioning from a planned economy to a market economy as well as the growing differences between the rich and poor in China.

## China's Political System: Modernization and Tradition

This book convincingly demonstrates why. Update: This was one of the most interesting books I have utilized in a college class.

Sometimes, too, Dreyer is too cautious in her assessments. In a crowded field of textbooks on Chinese politics, the two areas that distinguish the best books are comprehensiveness in terms of the coverage of important topics and material that is not only up-to-date but will not become dated quickly. Highly respected specialist June Teufel Dreyer offers expert analysis of the challenges facing China's economic, legal, military, social, and cultural institutions while examining the historical context and current trends.
